Madam Augusta Fickert,

1. Wipfingerstrasse 8, Vienna.

My dear Madam:

Your letter was received sometime since, and should have been answered more promptly, but we had to wait sometime to secure its translation before we could reply.

We are very glad to learn that the Society of Teachers and Governesses in Austria are to prepare a history of their organization. We shall be very glad to receive this full history for our statistical room in the Woman's Building, but in the meantime we shall esteem it a very great favor if you will fill out the enclosed circular for our Encyclopedia, as in this Encyclopedia we have not space for the history, but merely for answers to these questions.

We shall be very glad to receive a statement of the political side of the woman's movement in Austria, as we are greatly interested in the progress of your women.

Thanking you for your very excellent letter, and the interest you manifest, I beg you to accept our thanks, and our most earnest wishes for your welfare, I am,

Yours cordially,
