Dear Mira,  
Today I received through the kindness of Mr. Robert H. Inman and John Williams your letter of November 17 but that does not give me any real information about the distressing and sad fate of dear Susi. Your letter of November 14 told quite another story and I just do not know what happened to Susi. I answered you on the 6th of December and gave you the advice to visit immediately my friend Doctor Eskar Pollak, Vienna V. Rechte Wienzeile 97. He is an extremely clever, fine and helpful man.

I do not know how many months it may last before American citizens will be permitted to go to Austria. I regret it very much that I cannot be on the spot and be of some help. You must therefore carry this terrible burden alone. Be courageous!

Please be so kind and give me notice how the matter stands at present. I think of it day and night and excites me tremendously.

Heartiest greetings to Jeanne.

All my love to you and Susi. The same from my wife who takes the deepest interest in the unlucky affair and feels with you.

Yours Hugo.

Dear Madam,  
 Today I received through the kindness of Mr. Robert H. Johnson and John Williams your copy of November 17 but that does not give me any real information about the situation and the state of the law.

Your letter of November 14 has just arrived and I am glad to hear that you are on the side of freedom and give you the advice to visit immediately my friend Doctor Walter (John) Johnson. I think it is an extremely clever and helpful plan.

I do not know how many minutes I have before I return to my office and will be permitted to go to the office. I expect it will be some time before the end and the same day. You must therefore copy this terrible in your hand. Be careful!

Please do not think and give me notice that the matter should present. I think of it day and night and realize the importance of it.

Respectful greetings to your  
 All my love to you and love. The same  
 from my wife and the deepest interest in  
 the whole affair and feels with you.

Yours truly,
