

Chelsea, 22 April, 1863

Dear Sir,

There are accented Photographs
of me (done by "Mr Jeffrey, 114. Great
Russell Street, Bloomsbury"; - whom
ask, if you do not know when they
are a date); - especially there is
one big Photograph, which is praised
by judges of their art as subtlety-

-very good; tho' I confess privately, it
does not much remind me of what I see
in the glass; the hair of it considerably
too white; the eyes considerably
waning (unless you get a good copy)
of the

Perhaps your best when will
be in after getting that Jelby Photo-
-graph, to go to Mr Tait ("Robert
Tait Esq, Queen-Anne Street, Cav-
-endish Square" - in) to be No 5,

but they have altered the No in late
years: see a London Directory): Mr
Leit has beinted me, and done a
number of Photographs from nature,
one of them (the one he lately given
me a copy of, you can so describe
it) I reckoned to be my life when
I was 15 years ago. By Mr Leit's
courtesy (if he will be kind enough
to give them), and by Jeffrey's Photo-
-grapher and his, you may well be

be able to manage. And if you can det-
-istly do it, you may consider your-
-self to have quite succeeded in your
-little enterprise.

I am held very busy. If you were
to send a copy of the Stuttgart Piece
to "J. Neuberg Esq., 140. Adelaide
Road, Heaven's Hill" when it oc-
-curs, — he w^d be glad to read it,
and transmit it to the Editor if it proved
to be interesting.

Yours sincerely

J. Carlyle
