you again with a writing to - Jay - but our
Sweet Darling is so much better and so
much in spirits, that I ran at help, rela-
ting it to you - the physician himself, was
highly surpris'd - You at promise
You will see her without mark
but in every case, you shall be so,
to see. What will you and your
as for your ~~the~~ health this summer
Pray Kisses your hands. Hoping
to see you soon, in spirits, in health,
believe me to remain your truly M.D.
