9. 7. 73 Dearest suffering Companion,
It is with the utmost grief I read
your letter about Adm. I'll tell the
news to J. P. But I am of your
opinion: no further experiment!
The country can not be of damage,
the air is better than here; besides one
half of the time is over, in a few weeks
you come home, and then we shall
see, who of the physicians is in wrong.
Thanks to you and Fredy for writing
I hope to see you Saturday a. m. 5-6
I embrace you and children. Lewis
