

Friend!

May I hope to see you in
 London in the summer?
 I have already passed my
 first year in my present
 situation and I am
 beginning to feel the
 necessity of a change
 of air and of a more
 liberal education in
 my present situation, as
 my present situation is
 confined to the study
 of the law. It was
 with me the only way
 and so I will be in
 the month of June
 and shall go to (London
 & the)
 I am in the

im 5ten Jahr die: Zeit
wird dann wieder ein

Freudlicher Gruß
