From SIR GEORGE FRANCKENSTEIN, G.C.V.O.

ST. JAMES' CLUB,
PICCADILLY,
LONDON, W. 1.

To Whom It May Concern.

I have pleasure in stating that I have known Baron GUIDO FUCHS for many years and was well acquainted with his propaganda activities in this country for the promotion of Tourist traffic to Austria and for making better known Austrian art and culture.

I know that Baron Fuchs is violently anti-Nazi and a profound admirer of British institutions.

I can vouch both for his personal integrity and his loyalty to this country.

London, 23rd October, 1939.

George Franckenstein
