Dear Mr. Artaria

I have had a wire
from my patron saying that
on final reconsideration he
does not care to buy at the
price you suggest. I am of
course sorry that I could not
bring the ~~the~~ matter to a
different conclusion since I

do not as it is get any
renunciation but I could only
give him a full account of
the present condition of the pictures
and I do not doubt that it
was that that deterred him.

Now that he has refused may
I suggest that M. Glasmeier of
5 Rue Scribe Paris would be
an excellent person to communicate
with from the point of view of
showing them both in Paris (where
I think you have perhaps the

best chances of sale) and in
America. He has a house in
New York & in Paris & would
be able to ~~do~~ give them a full
good reception in both. His clientele
is select and of the right kind.

I cannot altogether regret the
efforts I have made over these
pictures since it was a great
pleasure to meet you in Berlin.

I hope it may be repeated before

long. Yrs. very truly
