Dear Mrs. Mogilner:

Your letter of October 10th is received. Personally I am not responsible for the choice of a sculptor for the Leschetizky memorial monument. I was not in Vienna last summer. Other members of the committee examined several plans submitted by the Viennese artists, and it was the concensus of their opinion that Mr. Taglang's sketch was not the best.

Sincerely yours,

A large, stylized handwritten signature in dark ink, which appears to read "Ossip Gabrilowitsch". The signature is written in a cursive, flowing style with a prominent loop at the end.
