SMITHSONIAN INSTITUTION  
BUREAU OF ETHNOLOGY

WASHINGTON D. C. Dec. 19. 1885

Dr. M. Much

Venna, Austria.

My Dear Sir:

I have the honor to transmit herewith Vol. III Transactions Anthropological Society, to a copy of which you are entitled as member of this Society. I hope that you will please acknowledge the book.

Since writing to you last, I have made a very long journey over the Pacific Coast, from Queen Charlott's Island to Lower California, making my whole journey from this city out and back, a little over ten thousand miles. I have a few relics for you which I shall soon prepare and send to you.

I am informed from Budapest, that  
I am to receive the Franz-Josef's Order, for  
collections and other services rendered the Hunga-  
rian government. I hope it may be  
true.

I have the honor to remain,

Very Respectfully,  
W. J. Hoffman M.D.,  
Curator,

Ethnologist - Bureau of Ethnology.
