Dear Dr. Kalmus

Many thanks for your
kind letter which I very
much appreciate. Yes - I am
thankful to say that I am
greatly improved in health
and hope now to have a
few weeks holiday, and to
return ready for work
again. I hope that we
may meet as soon as I
get back, and talk over
various things, including

The interesting news of your
London publishing house -
which I am glad to hear
~~it~~ will now probably be
established on a larger
scale.

With kind regards

Yours Sincerely

Hamilton Hartz
