Dearest Auguste,

I wrote to
you many months ago
but you did not
answer my letter so
I write again to ask
you to write to me
a long letter and tell
me when you heard
from dearest Rosa
for I never now have
any news from her
and this grieves me
very much for I

Love her very much
I cannot write to her
any more at present
as she seems home
found out that we
write to each other
so will you write
soon to Rosa and
tell her that you
sometimes hear from
Yulia Barrie and that
she always sends her
love to her. Dearest
Auguste I hope you
have been both very
well and happy since

you last wrote
I wish you would
to give me the
consolation of hearing
from you in a few
days as your letters
will always console
me as you are
dearest Ross's good
friend.

With very love
to you and asking
you again to write
my soon

I remain
Your affectionate
Sophy L.
