My dear Ernst:

I am sending you a copy of the German edition of my book, "Zelda Marsh", which I hope reaches you in good order. It goes to you with much affection, for I enjoyed meeting you, and loved your wonderful music. I can only hope that "Johnny" when it is produced at the "Met" in New York will impress its audiences as much as it impressed me. And I earnestly hope that circumstances will permit me to be there to swell the applause and to welcome you to the United States.

We are sailing to-morrow on the "Beren-
garia" and for a month will be at the Chatham
Hotel in New York, and after that in our home
at Saratoga, California. Either in New
York or in California, I hope to hear from
you, and in any case, please always think
of me as one of your most enthusiastic
admirers and friends.

Sincerely,

Charles G. Norris
