

Stanford University 29/6/1928

I.N. 198. 684

HAND-COLORED

POST CARD

My dear friend,

Since the June I am
 my family: after a journey
 days, which made us pass
 Chicago, one in Arizona, to see the
 Grand Canyon, three days in
 California. I admire the wonderful
 country of California very much, we
 are all very happy here as permanent
 guests of our cousin's family, who before
 26 years emigrated to America, with
 Jane in San Francisco, near San Luis
 Obispo and lives in an excellent home
 in the Lake Park, 30 miles from S.F.
 Three miles distant from the University.
 My academic work gives me very little
 interest. I trust you and your daughter
 are well. My love to Miss Helen Felton
 my warmest regards! With cordial
 greetings to ^{THIS SPACE FOR MESSAGE} your family
 & sweet
